## READ

### Job 42:1-2

*Then Job answered the Lord: I know you can do anything. No plan of yours can be opposed successfully. (CEB)*

### Job 42:10

*Then the Lord changed Job's fortune when Job prayed for his friends, and the Lord doubled all of Job's earlier possessions. (CEB)*

Jesus told us that two most important commandments are loving God and loving others (Matthew 22:37-39), and we see Job do this as we read the final chapter of his story. In verses 1 and 2 (after God has asked Job all kinds of questions about who created the universe), Job replies to God, "I know that you can do anything." What a statement of faith! By saying this, Job shows love for God by expressing trust and understanding. And we can do this too! Any time we praise God for who God is, we are loving God.

We also learned that Job's bad situation changed when he started to pray for his friends. These are the same friends that told Job he might as well give up on God. When Job showed love to his friends, God blessed him.

This week, we hope you will remember these two important things: that we can love God by showing faith and trust in God's power, and that we can also love God by loving and praying for our friends.

## DISCUSS

Look up Ephesians 3:20.  
What do you know God can do?

What do you need to surrender to God this week?

How can you pray for others this week?

## PRAY

Loving God, thank you for what you have taught us from the story of Job. Help us to be strong in our faith like Job. Help us to pray for our friends like Job. Help us remember who you are and all that you have done.  
Amen
